

ARTISTS!

FROGS INVITES YOU TO BE PART OF THE ANNUAL
ART SHOW AND GREAT SWAMP CELEBRATION
SAT. & SUN., OCTOBER 23RD AND 24TH, 2010

at the Frances Ryan Thomas Memorial Center of Christ Church on Quaker Hill in
Pawling NY. As always there will be educational displays related to The Great
Swamp and our local environment, and a fine showing of work by area artists
and artisans. The Celebration always attracts a couple of thousand people!

This is our major fundraiser for the year, and we strongly encourage the artists to
have their work for sale. You would receive 60% of all sales and FROGS 40%, which
goes to support our organization, fund our research, educational projects, and land
preservation activities.

Celebrate the beauty and diversity of the wetlands and local environment in
the media of your choice - painting, photography, pottery, jewelry, sculpture -
whatever your inspiration prompts you to do. The artistic level every year is high,
and is complimented by the work of our local school children.

The Great Swamp of Putnam and Dutchess counties is one of the largest wetlands
in the state. 50 miles from New York City, it feeds into the Croton reservoir
system, and counts among it's treasures otter, beaver, wood ducks,
turtles, birds, and butterflies.

Everything you will need to know about having your artwork in the October show
is in this packet; this cover letter, show details, schedule, a postcard to return
telling us you will participate, and a form on which to list the artwork you
will be bringing. If you have questions, contact ;
